

Bona Mop accessories

Bona Mop systems enable you to clean and maintain your wooden floor in a sweep. Ergonomic and simple to use, the systems are quick to assemble and prepare for cleaning. Forget filling up a bucket and adding concentrate, just spray and clean!

Bona has designed their mop systems so that you can use the mop for all parts of the cleaning process – simply change the pad!

Dusting pad

The Bona electro-static microfiber **Dusting Pad** attaches easily to the Bona mop head for dry cleaning of the floor. Regular removal of surface dirt and sand will prevent the floor surface from being scratched.

Cleaning pad

The Bona **Cleaning Pad** is a tough re-usable and machine washable microfiber cleaning pad. The Cleaning pad can be machine washed over 300 times without losing its effectiveness. Wash at a maximum 60° C without fabric conditioner.

Applicator pad

When applying Bona Refresher to restore the appearance of your polyurethane coated timber floor it is important to be able to apply an even smooth coat. The Bona **Applicator Pad** features microfiber threads designed to ensure easy, fast and smooth application.
